

DIVING MEDICALS

Dr Michael Dobson is qualified to perform recreational diving medicals in accordance with the South Pacific Underwater Medicine Society (SPUMS) Guidelines and occupational diving medicals in accordance with AS/NZS 2299.1:2015.

Fees

- Recreation diving medical examinations \$250
- Occupational diving medical examination \$300

Occupational diving medicals require annual spirometry and audiometry, which are included in the above fee. A *5-yearly* electrocardiogram (ECG) and chest x-ray is required as per AS/NZS 2299.1:2015, which will be an additional cost if these are required.

Dr Dobson requests that you bring copies of previous ECGs or chest x-ray results if these have been done within the past 5 years.

Please print and complete the forms below and bring to your diving medical examination appointment:

- Recreational diving medical patient questionnaire
- Occupational diving medical patient questionnaire
